REMOTE

1	Fresh air vent	24	Quad indicator
2	Light test & day/night dimmer switch		Fuel gauge main and auxiliary
3	Warning lights		Fuel temperature main and auxiliary
	CED caution		Voltmeter
	Alternator		OAT
	Fuel low level	25	Compact Engine Display indicator (CED-125)
	FADEC A	26	Alternate air induction
	FADEC B	27	Safety interbreakers (from LH to RH)
	Option		Landing light
	Pitot heating		Taxiing light
	Coolant low level		Electric fuel pump control
4	Flaps position indicator lights	28	Electric flaps control lever
5	Magnetic compass	29	Breakers
6	Elevator trim position indicator	30	Standard headset jacks
7	ELT remote control	31	Alternator relay switch
8	Instrument panel lighting (from LH to RH)	32	FADEC B forcing switch
	Light 1: panel lights	33	FADEC test button
	Light 2: Overhead flood lights	34	Starter key
	Light 3: Radio & instruments	35	Fuel T°C & quantity in auxiliary tank control knob
9	Safety interbreakers (from LH to RH)	36	CED-125 lighting knob
	Navigation light	37	CED warning light RAZ knob
	Strobe light	38	Auxiliary tank fuel transfer valve control
	Pitot heating	39	Single power lever
11	Rudder trim position indicator	40	Fuel tank selector
12	Gyro horizon	41	Parking brake control knob
13	Avionics breaker	42	Hourmeter
14	TCAS mute switch	43	Auxiliary 12V socket
15	Cabin main heat knob	44	Elevator trim control
16	Alternate static source switch	45	CWS (Control Wheel steering)
17	Stopwatch	46	Autopilot disconnect
18	Storage box	47	Push to talk
20	Battery main switch	48	Rudder trim control
21	Engine master switches	49	Cabin heat/windshield defrost control
22	Avionics master switches	50	Alternator circuit breaker
23	Glow plug light	51	Bose headset jack (front & rear)
		52	Autopilot switch
		53	USB power
